

Expectations for the programme: Cross-border cooperation

Gustaf Rehnström, Desk Officer, Ministry of Enterprise and Innovation

Interreg Aurora

- Vast programme area
- Several functional regions, not just one
- Sub-area Sapmí reaches over three countries
- From low density rural areas to high density urban areas
- From small entrepreneurial companies to large multinational companies

Covid-19

Expectations on the new programme

- Breaking new ground - Patience is needed
- A large programme comes with challenges and opportunities – how do we deal with them?
- When cross border cooperation is at a low point, how can Interreg Aurora be used as an efficient tool to get back on track?
- Sapmí specific issues – how to keep it integrated when the programme expands
